

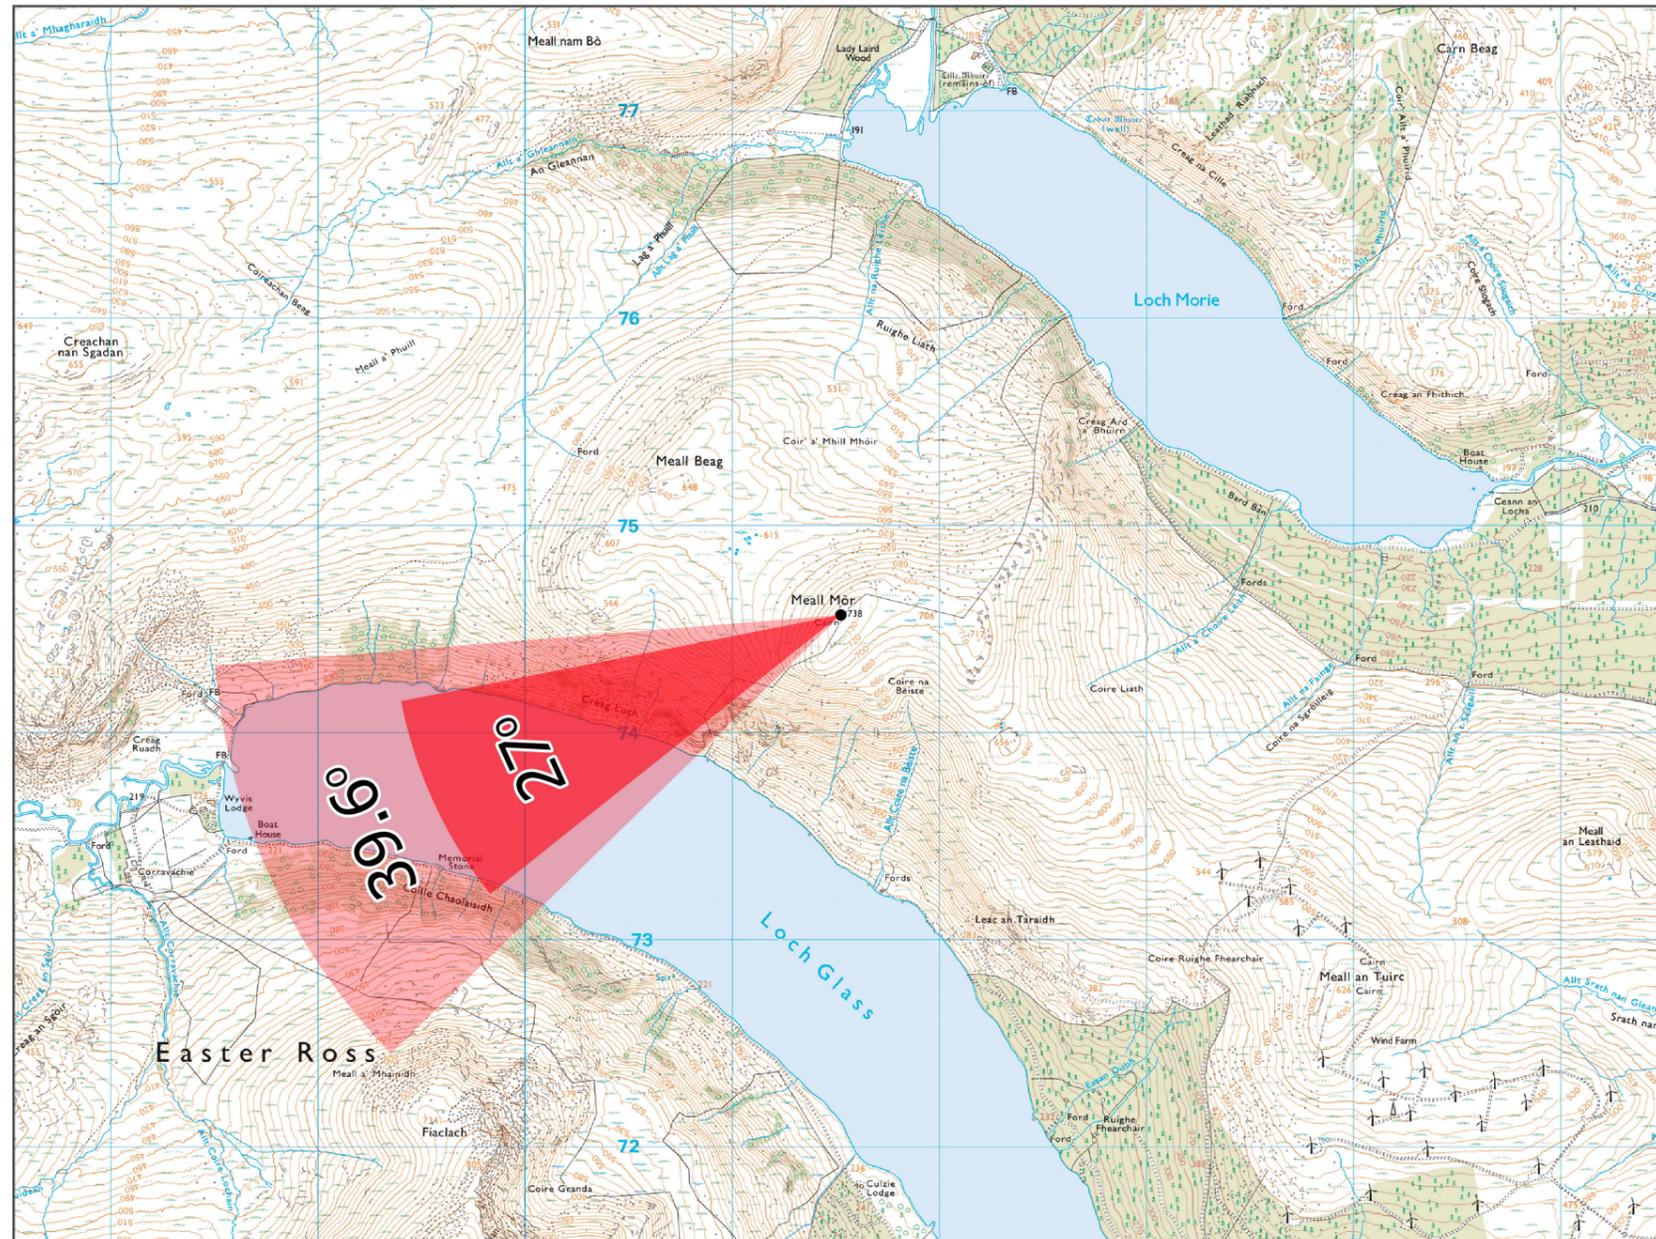

Figure 4.23g - Viewpoint 16: Summit of Meall Mor.

Grid Reference: 251526 874568      Distance to nearest turbine: 15732m      AOD: 737m

This viewpoint is located approximately 12.5km northwest of Evanton.

Travelling north from Inverness on the A9 cross over the Cromarty Bridge and head towards Evanton. 3km past the bridge, take the B817 into Evanton. Continue through Evanton to the north-eastern end and then turn left onto Glenglass Road following sign post to Glenglass and Assynt. Stay on the tarmac road for 7.5km at which point you will come out of a stretch of dense forestry on both side of the road to be met with a small clearing on your right with a pair of metal gates and a track heading up to the right under a steep rock front ridge. Find a suitable place to park here off of both tracks. Now on foot, walk up the track that heads off through the two metal gates.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Meall Mor.

The camera location is at the summit next to the trig point.
