This viewpoint is located approximately 6.5km northeast of Lochluichart.

Travelling from Inverness on the A835 towards Ullapool, you will approach Garve. Just after Garve, stay on the A835 towards Ullapool as the road bends right at the junction for the A832 Gairloch. Continue for a further 6.5km on the A835 and you will pass the track and properties on your right at Garbat (with a large layby on your left). Continue for a further 1.5km and you will pass another layby on your left. Begin to look out for the small pull-in on your left 200m further up the road from the layby. Turn left here and cross over the narrow bridge and up the forest track. Keep straight/right at the split and continue up the track. Continue for a kilometre and you will come out of the forestry. Stay on the track as it bends left and you will then start to pass between a another strip of forestry. Go as far as you can towards the end of the forestry strip and find a place to park.

Now on foot, continue along the track until you pop out of the end of the forestry. Kepp walking straight across the open ground for 350m and you will come to the Old Drovers Road track. Turn left onto the track and walk for 450m.

The camera location is on the track side on top of a clump of rock next to a large boulder.
