**Subject:** Re: Kirkan Wind Farm

Dear Sir,

At our Community Council meeting held on Tuesday 7 May 2019, we noted the planning application for Kirkan windfarm - proposing 17 turbines (maximum tip height of 175m). The application also included associated access tracks, substation, borrow pits and a compound.

Community Council members raised no objection to this application.

Yours,

Mrs Jennifer Haslam,

Secretary, G&DCC
